Flood Study Report Disclaimer

The Brisbane City Council ("Council") has prepared this report as a general reference source only and has taken all reasonable measures to ensure that the material contained in this report is as accurate as possible at the time of publication. However, the Council makes no representation and gives no warranty about the accuracy, reliability, completeness or suitability for any particular purpose of the information and the user uses and relies upon the information in this report at its own sole risk and liability. Council is not liable for errors or omissions in this report. To the full extent that it is able to do so in law, the Council disclaims all liability, (including liability in negligence), for any loss, damage or costs, (including indirect and consequential loss and damage), caused by or arising from anyone using or relying on the information in this report for any purpose whatsoever.

Flood information and studies regarding the Brisbane City Council local government area are periodically reviewed and updated by the Council. Changes may be periodically made to the flood study information. These changes may or may not be incorporated in any new version of the flood study publication. It is the responsibility of the user to ensure that the report being referred to is the most current and that the information in such report is the most up-to-date information available.
